FURNITURE MANUFACTURE

BRAND ROOMIO

Since 2018, “Brand Roomio” has been creating exclusive furniture for custom-designed projects. We manufacture kitchens, wardrobes, cabinets, and more, bringing the boldest design ideas to life. Thanks to our in-house production and state-of-the-art equipment, we guarantee high quality and fast delivery times. Our furniture combines beauty, functionality, and durability.

Founded in 2018, ROOMIO has continued to thrive despite the challenges of relocating to another region of Ukraine due to the war. It has also successfully entered the European market and is actively exploring new opportunities for growth.

ROOMIO – A MODERN COMPANY

Our commitment to quality and innovation enables us to confidently expand beyond Ukraine and export our products to European countries. We offer a full production cycle with modern equipment that meets all client requirements: from working with particle boards (MDF) to creating painted and lacquered doors, as well as furniture made of veneer and solid wood.

A cohesive team of skilled craftsmen and engineers creates furniture that combines functionality, style, and longevity. ROOMIO is your reliable choice for premium furniture solutions.

RODMIO

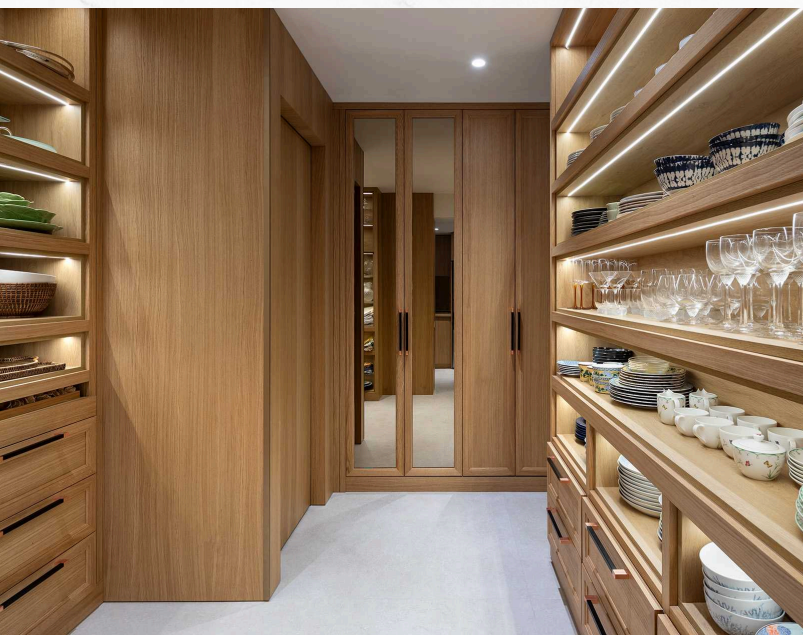

EZE FRENCH RIVIERA

BY MATROSOV DESIGN

PH: IVAN AVDIEIENKO

Villa Eze is a masterpiece of modern design, where every detail tells its own story. The combination of noble oak, visually warming the space, and the cool sheen of metal creates a dynamic contrast that captivates at first sight. This harmony is complemented by elements of natural stone and refined textile accents.

Premium fittings from Blum and Trial guarantee not only flawless furniture performance but also highlight its exclusivity. Every interior element is the result of meticulous work by designers and craftsmen, united by a passion for creating the perfect living space.

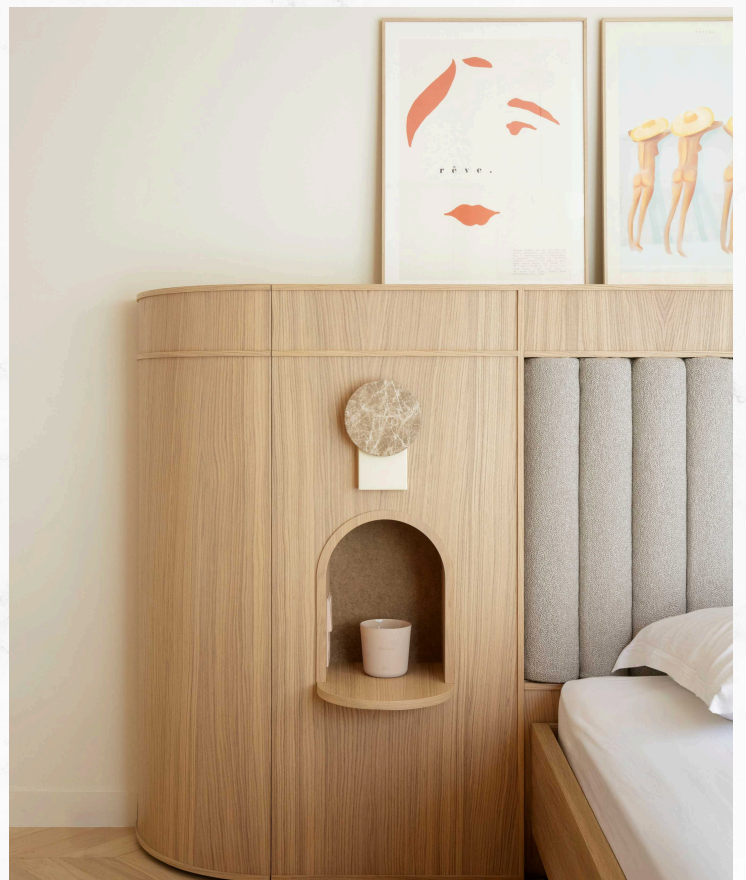

SAINT ESTEVE

BY BENAÏM ARCHITECTURE

PH: SEBASTIEN VERAGUAS

Near Nice, in the town of Villefranche-sur-Mer, lies the “Saint Esteve” project, where luxury meets functionality. Each piece of furniture created by our team embodies refined taste and superior quality. Natural oak veneer, framing the smooth lines of the furniture, creates a warm and cozy atmosphere. From bedrooms exuding calm and harmony to dynamic kitchens full of creative spirit – every corner is imbued with elegance.

We carefully select materials and fittings to ensure not only aesthetic perfection but also the longevity of every piece.

RODMIO

COPENHAGEN

BY MATROSOV DESIGN

PH: IGOR MATROSOV

Imagine returning home after a busy day and finding yourself surrounded by elegant furniture designed for the “Copenhagen” project. The soft light of the wine cabinet’s backlighting reflects off the shelves with exquisite glasses, inviting you to enjoy a glass of your favorite drink.

The kitchen, with its spacious island adorned with noble marble, becomes your personal culinary playground where every cooking process turns into pure pleasure. In the cozy dressing room, where calmness prevails, you can unwind and prepare for the new day.

Each interior element, from refined handles to smooth facade lines, is designed to make you feel comfortable and surrounded by luxury.

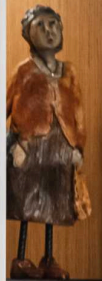

PORTUGAL

BY JULIAN PATRICK HUNTER & RADKA HOOPER
BSC DIPARCH ARB RIAS RIBA & PARTNER

PH: ZAKHAR OVDIENKO

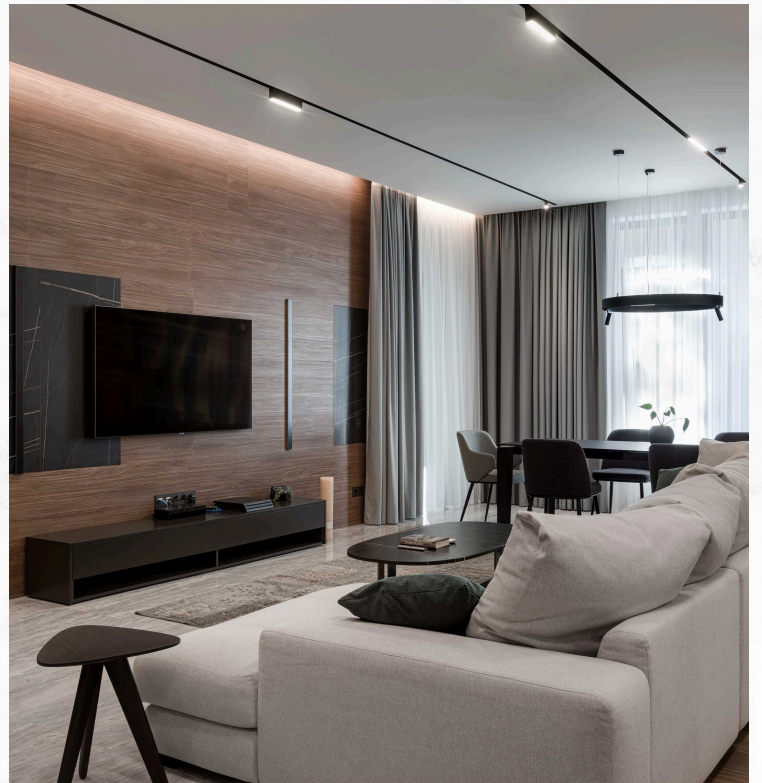

The “Portugal” project embodies modern technologies and a careful attitude towards nature. For the furniture frames, we use MDF covered with natural oak veneer, ensuring durability and aesthetic appeal. Fittings from leading European manufacturers guarantee smooth movement and quiet operation of mechanisms. We care about the environment, using eco-friendly materials and production technologies. Each piece of furniture is certified and meets the highest quality standards.

ROOMIO

HOUSE FOREST

BY MATROSOV DESIGN

PH: ANDRIY AVDEENKO

Immerse yourself in the world of comfort with Roomio furniture. We pay attention to every detail to maintain the harmony of your interior. Roomio is a combination of functionality, refined forms, and unique designs that leave no one indifferent. The furniture in House Forest is designed for those who value individuality and boldly express their style.

Our team continuously improves its craftsmanship, applying knowledge to every project. Entrust us with creating furniture that reflects your character and complements your space.

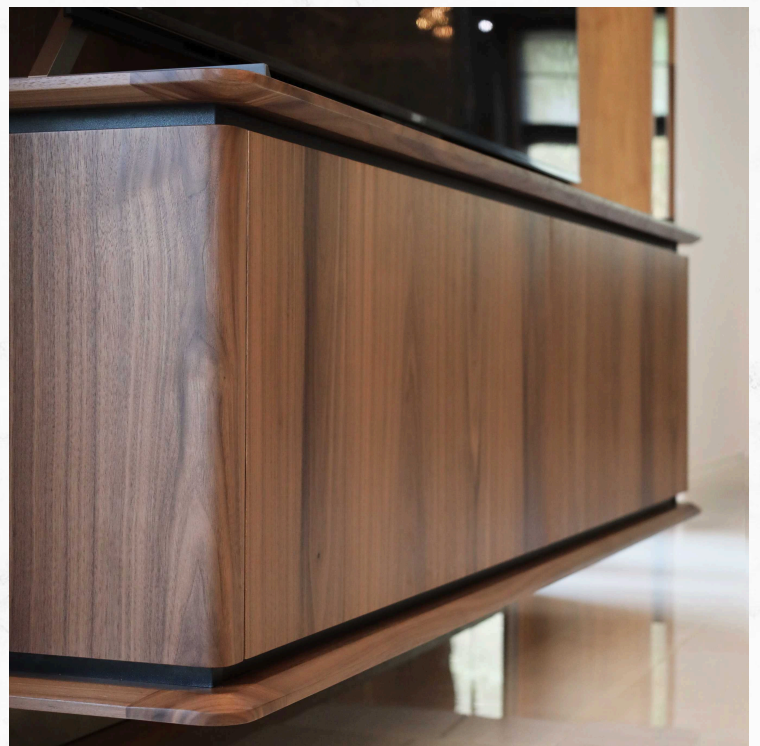

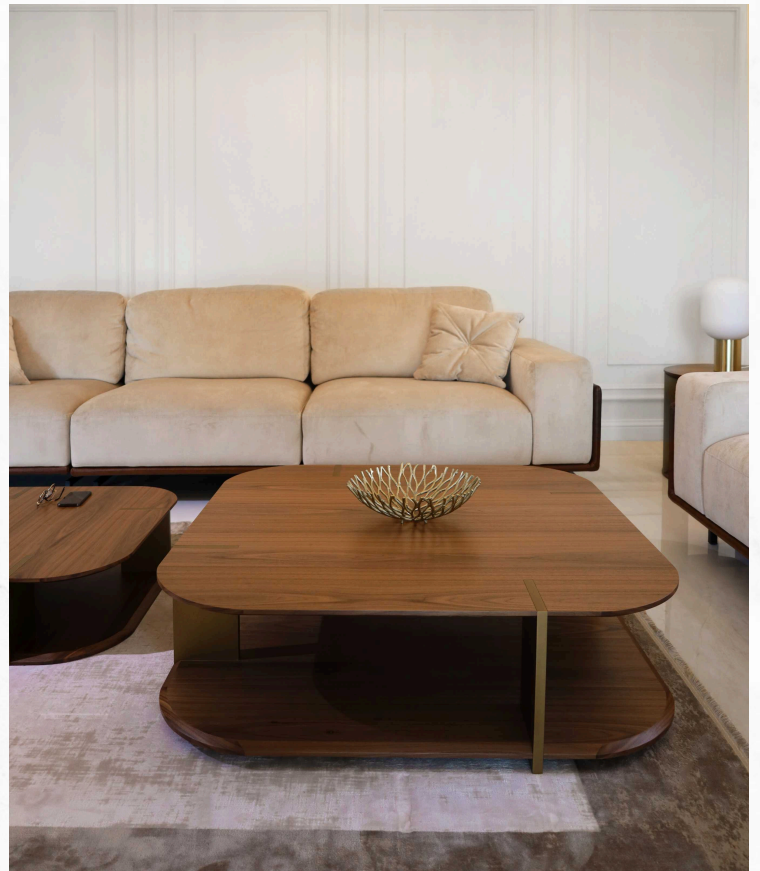

ROOMIO

SOKILNYKY

BY TOTO ARCHITECTS

PH: NICK KORSUN

True home comfort begins with its atmosphere – warmth, coziness, and the desire to return after a busy day. At Roomio, we pay attention to every detail to make your space a place for relaxation and inspiration: whether it's reading a book in the living room or enjoying a moment of relaxation in the bathroom.

A coffee table made from American walnut veneer and solid wood is the result of a delicate combination of traditional craftsmanship and modern production technologies.

A mirror with an MDF frame painted in a brass shade, equipped with LED backlighting and a silicone profile for moisture protection, creates a perfect accent in your space.

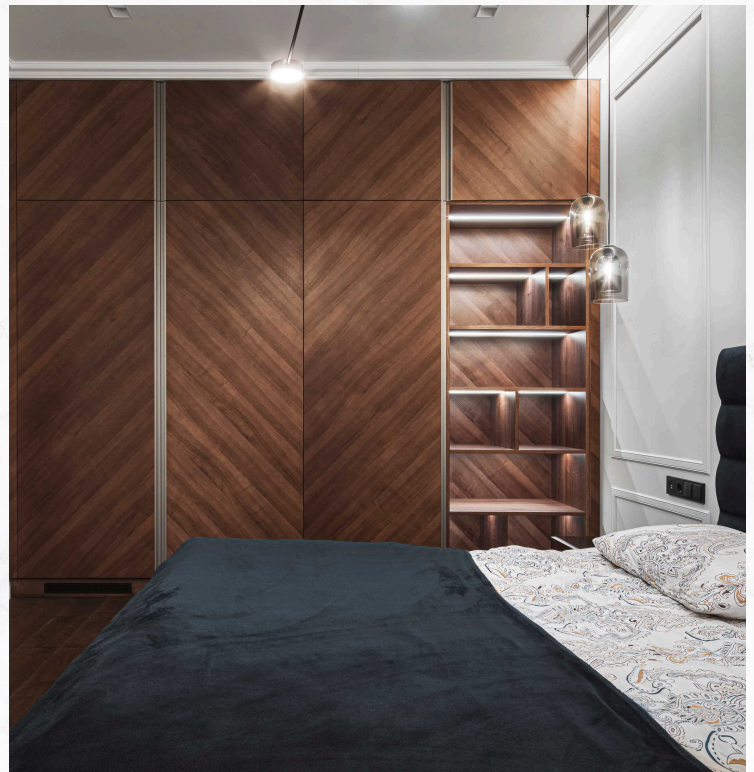

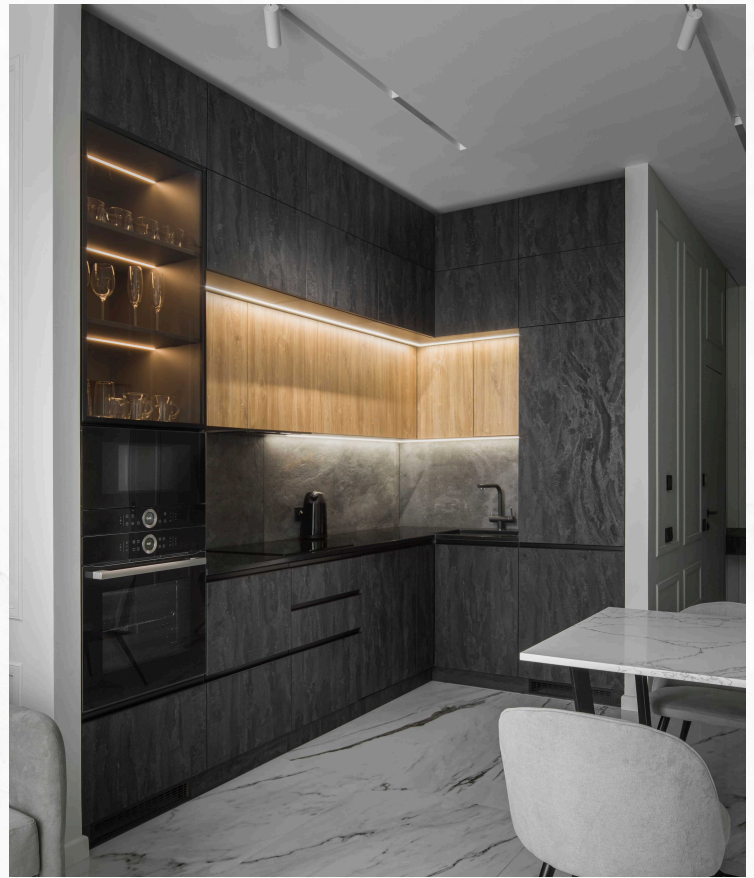

Roomio – for your unique comfort.

RODMIO

KARDINAL

BY HARCHENKO DESIGN

PH: ZAKHAR OVDIENKO

At Brand Roomio, we create furniture that combines functionality, style, and durability, taking into account the unique wishes of each client. With our personalized approach, each piece integrates harmoniously into your interior, becoming an essential part of your space.

Sleek lines, refined color combinations, and carefully selected textures give the furniture individuality, creating a warm and welcoming atmosphere.

We use only certified materials of the highest quality, meeting safety standards and ensuring the long-term use of our products.

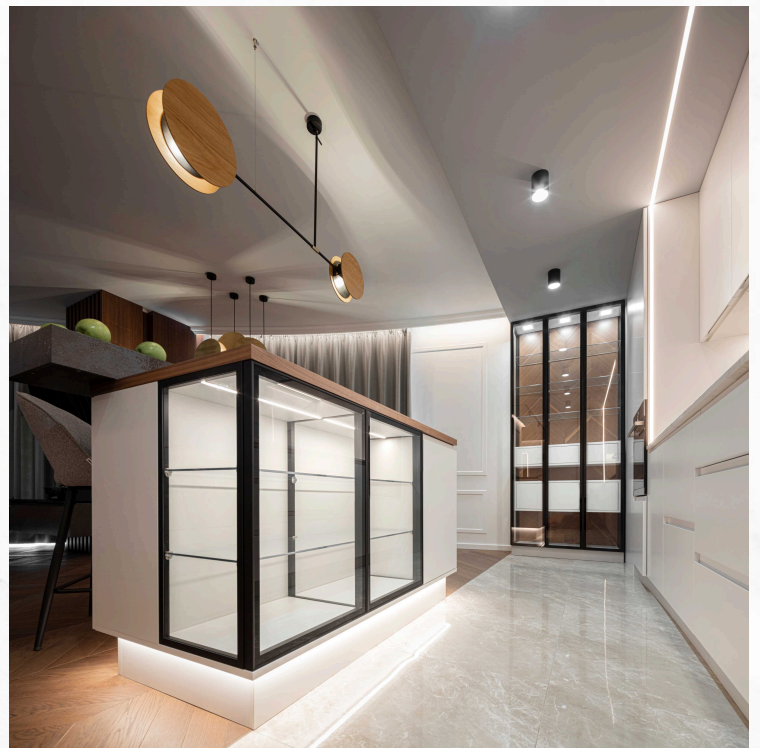

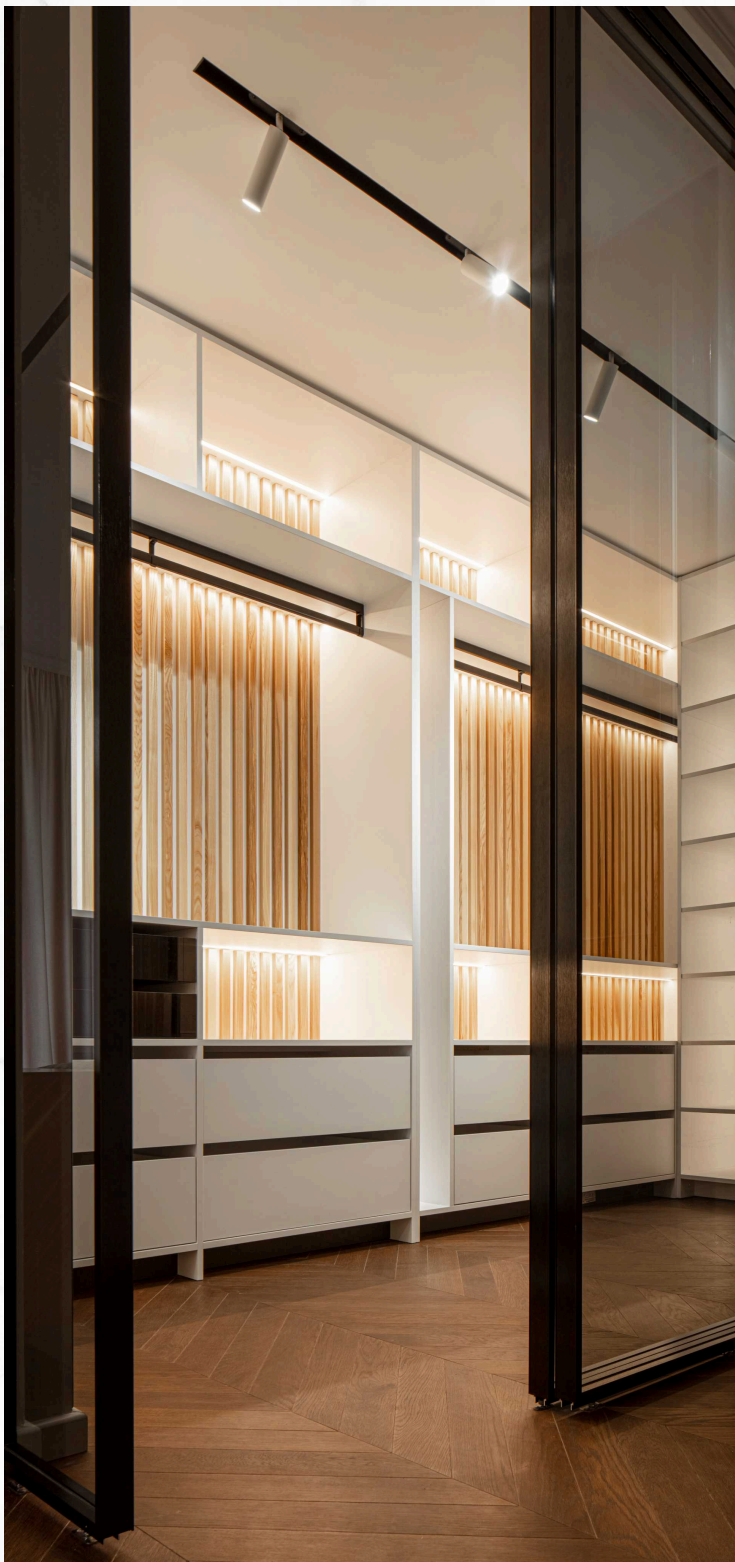

Roomio – furniture that offers comfort and emphasizes your uniqueness.

THE KYIV VOLODYMYRSKYI

BY HARCHENKO DESIGN

PH: ZAKHAR OVDIIENKO

The “THE KYIV VOLODYMYRSKYI” project embodies the idea of harmony between simplicity of forms and practicality of every detail. We aimed to create a space that combines modern style and coziness, providing a comfortable living environment.

Special attention was given to materials and textures to achieve a perfect balance between aesthetics and functionality. This project harmoniously combines natural wood textures, glass elements, and modern technologies that allow zoning of the space without compromising its lightness and openness.

Our team of specialists works on each project with care, considering your wishes and ensuring a personalized approach and top-quality execution. Contact us, and we will help create your ideal interior, combining comfort, style, and functionality!

OUR TEAM

People with Shared Values and Goals

At Roomio, we believe that our team is the foundation of our success. We have united people who share common values, have a unified goal, and strive for excellence.

We are not just a company – we are a community that always puts humanity, innovation, and quality first.

A Company Looking to the Future

Roomio is a team that always aims to stay one step ahead. We build the future by focusing on modern trends while preserving traditions.

The company leaders, Volodymyr Mysyk and Artem Svirskyi, have extensive experience in the furniture and construction industries, which helped create a young, dynamic, and ambitious team unafraid of challenges.

We believe that our shared values, passion for our craft, and commitment to quality set us apart. Our goal is to create products and provide services that exceed client expectations, delivering comfort, style, and functionality.

WORK PROCESS

Project initiation

The manager receives the project and analyzes it – selects materials and fittings, clarifies information with the designer and client. Project estimation. Preparation of a commercial offer and price approval.

Contract signing

Agreement on payment terms, production timelines, and other details.

Specification development

Approval of technical drawings, samples, and signing by the client and designer.

Measurement

The technologist visits the site for final measurements.

Project development

The technologist develops the project according to the specifications, makes final adjustments, and initiates production.

Production

Furniture manufacturing, quality control assembly, and packaging.

Project installation

Loading. Preparation of export documentation. Delivery and installation.

Warranty and service support

AN INTERNATIONAL PRESENCE FOR UNCOMPROMISING QUALITY

Roomio operates with a unique structure: centralized production at our factory in Ukraine, renowned for its expertise and cutting-edge technology, complemented by a strong presence in France and the United Kingdom. This model enables us to combine industrial efficiency with close proximity to our European clients.

With this strategic setup, we ensure full compliance with all regulations and standards in the European Union and the United Kingdom, guaranteeing products that meet the highest expectations. Our local teams provide seamless support, from design to installation, while our Ukrainian production maintains superior quality standards and competitive lead times. At Roomio, we bring your ideas to life while meeting the demands of the European and UK markets.

OUR PHILOSOPHY

At **Brand Roomio**, we believe that the quality of your life begins with the quality of the things that surround you. Our mission is to create functional and comfortable spaces that support your lifestyle, wherever you are.

Behind each of our products lies a modern philosophy that redefines the role of furniture in everyday life or the hospitality industry. We aim to create environments that allow you to relax, inspire creativity, or work productively.

Furniture should not only be beautiful and high-quality but also reflect your character, emotions, and style. It occupies an important place in your life, tells your story, and becomes part of your home.

We believe in the significance of every project, putting a piece of our soul into it. The world around us is beautiful, and we help create your personal spaces — unique places filled with meaning and warmth. Each project for us is a new story, and we are proud to be part of it.
